

NAGASA ANANDES PUTRA RAMADHAN

WEB DEVELOPER

Bogor, Indonesia | nagasa.anandes@gmail.com | +6289520016543 | [Linkedin](#) | Portfolio

I'm a Developer with a passion for Mobile and Web Development. I have experience in HTML, CSS, JavaScript, and React Native. While I'm still a beginner in mobile development, I have also been exploring web development with React.js and Next.js. I apply my skills to create interactive, visually appealing applications, featuring projects that showcase my expertise in both web and mobile development.

EXPERIENCE

Mobile Developer, Situ Gede

May 2023 - June 2023

- **Led and managed** the development of the 'Situ Gede' platform, including both its website and mobile application.
- **Optimized and enhanced** the UI/UX to ensure an intuitive and efficient user experience.
- **Successfully developed** the 'Situ Gede' mobile application using React Native.

Intern Frontend Developer, Dinas Perhubungan Kab. Bogor

March 2024 - May 2024

- **Collaborated** with a team to develop **SI UMI (Sistem Informasi Umum, Makan & Minum)**, a web-based information system.
- **Implemented** the UI/UX design created by the team into a fully functional frontend website.
- **Successfully developed** the SI UMI website using Laravel as the main frontend and backend framework.

ORGANIZATION EXPERIENCE

Vice President of the Information Technology Student Association

February 2023 - February 2024

- **Led and managed** student development programs, including seminars and workshops, resulting in a 30% increase in members' skills.
- **Advocated** for IT students in faculty and administrative meetings, ensuring their voices were heard and fostering better communication.
- **Organized and oversaw** major student activities, enhancing engagement and professional growth within the IT student community.
